## STOCKYARDS IN MIDWEST FILL AS STRIKE ENDS

### Farmers Flood Market Upon Return To Work of Packers; Price Cuts Held Unlikely.

By The United Press

CHICAGO, May 24—Farmers flooded midwest stockyards with big shipments of livestock today as CIO packinghouse workers returned to their jobs after 67 days on strike.

Market experts warned, however, that the big shipments of animals to market would not push prices down immediately. In fact they said, there was no definite indication that prices would drop at all.

Seven major livestock exchanges in the midwest received 52,700 hogs, 49,200 cattle and 13,300 sheep. The Chicago stockyards received 14,000 hogs, 11,000 cattle and 2,000 sheep.

**Set To Resume Work**

About 70,000 employes of the Swift, Armour and Cudahy packing companies and 10,000 workers at independent firms were set to resume work in plants they struck March 16.

Pickets continued to parade before Wilson and company plants, however. The union continued the strike against Wilson because the firm refused to arbitrate cases where strikers were fired for illegal acts.

A spokesman for Swift, largest of the packers, said farmers would probably ship huge lots of livestock to markets for the next week. Hogs, he said, would become especially plentiful.

An Armour spokesman said that "farmers have been holding back shipments because of the strike but they're anxious to get rid of marketable animals to avoid feed costs."

**Expect More Animals**

"From today on there should be more cattle, more sheep and particularly more hogs on the market," he said.

But none of the spokesmen would promise the housewife that the more plentiful shipments would ease the strain on her pocketbook.

They said that prices would depend on "supply and demand—particularly demand."

A week to 10 days will elapse before the plants resume full production. A freshly-killed hog, for example, must chill for two days before being butchered. Smoked and cured meats require a longer time.

## Memorial Rites Pay Tribute to War Dead

Memorial services honoring the dead of all wars were held by three Marion county communities and the Marion Navy club yesterday. Caledonia, Waldo and Brush Ridge held services at their cemeteries and the Marion Navy club paid tribute to dead of the nation's sea service in its annual program at Forest Glen Memorial park.

### Navy Club

The Navy club Memorial service at Forest Glen Memorial park was attended by approximately 300.

An interesting sidelight of the occasion was the meeting of Dr. V. E. Busler, pastor of Epworth Methodist church, who gave the invocation and benediction, and John L. Zimmerman of Springfield, speaker of the day. It developed that the two had attended university together and were fraternity brothers.

Mr. Zimmerman, a Springfield attorney, and twice national commandant of the Navy club, touched briefly on the origin of the practice of setting aside one day each year for the purpose of showing our appreciation to those who have died in the effort to protect American principles and beliefs. He credited Mrs. Mary Ann Williams of Columbus, Ga., with the original idea, and it was her suggestion to the Columbus, Ga. Times, naming the date of April 26, which was accepted by the southern states and is still the legal Memorial day in Georgia, Florida and Mississippi.

General Logan's order to the GAR set the May 30 date which was accepted by the northern states and has since become a national holiday.

"May our lives never be so busy that we cannot stop for a moment of prayer, dedicating our thoughts to the memory of those valiant souls who have laid down their lives in the hope that our nation might continue to be free," he said. "Free from thoughts of aggression; free from thoughts of world power; free to look forward to a time when all the nations of the world will look upon each other as brothers."

Mr. Zimmerman pointed out that there were some restrictions to freedom—there must be some rules to make man congenial with his fellow beings.

Bass solos, "Over the Billowy Sea" and "Asleep In the Deep" were sung by Robert Heimlich accompanied by Miss Regina Haas on the accordion.

John Coleman, senior executive officer of the Navy club, dedicated the service and Henry Uline cast an anchor of white carnations on the waters of the lake.

Harold Haughn was master of ceremonies. Chiefs Carl Prusnek and Fred Maxwell were color guards. "All Hands" was piped by Warrant Boatsmain Fred Cowan and Navy club firing squad, under Captain H. G. Pickett fired the salute. Taps were blown by Don Atkinson with an echo by Ray Hall.

Members of Sea Scout Ship Bob Brown served as ushers.

### Waldo

That Americans strive to uphold the ideals of our founding fathers, and that the honored war dead may not have died in vain comprised the theme of the memorial address given by Aaron J. Halloran of Springfield, commander of the American Legion of Ohio, at the Waldo community memorial services Sunday afternoon at the Waldo park. Approximately 2,500 attended.

The park program, in charge of Porter-Snyder Post No. 605, American Legion, of Waldo, followed a parade and cemetery observance.

Totalitarianism was cited by Commander Halloran as a reason why the last wars were fought.

The program at the park included an overture by the Eagle's band of Marion, invocation by Rev. Charles Stewart of the Waldo Methodist church, scripture reading by Rev. W. R. Budke, pastor of St. Paul's and Trinity rural Lutheran churches, and special music by the boys' glee club and mixed chorus of the Waldo school, directed by Mrs. Robert Rice. At the cemetery, the Gettysburg address was given by Vinton Porterfield.

### Caledonia

Approximately, 3,500 persons gathered at the Caledonia cemetery Sunday afternoon for the annual Memorial day services held there in charge of Caledonia Post No. 401, American Legion.

Carl W. Smith of Kenton, department vice commander of the American Legion, delivered the principal address speaking on "Communism." Mr. Smith also is a member of the state civil service commission.

A half-hour program of music by the Caledonia band, directed by Mrs. Mary Salisbury, and a brief ceremony at the community honor roll on the square, preceded the parade to the cemetery.

At the honor roll, the call to order was given by Lowell Douce, post commander, followed by the prayer by Rev. Charles Edgar, pastor of the Martel and Iberia Methodist churches, placing of a wreath, salute by the firing squad, taps and the benediction by Rev. Edgar.

The service at the cemetery was as follows: music by the Caledoniat band; call to order by Commander Douce; invocation by Rev. S. E. Kaetzel, pastor of the Caledonia Memorial Methodist church; National Anthem by the audience; Lincoln Gettysburg Address by Glenn E. Allen; pledge to the flag; General Logan's Order by Rev. Edgar; address by Mr. Smith; singing of "America" by the audience; salute by the firing squad of Co. C, 166th Infantry, National Guard of Marion; taps and the benediction by Rev. Mervin Keeran of the Caledonia Church of Christ.

Formation of the parade included Caledonia post colors and color guard, Caledonia band, American Legion auxiliary, Boy Scouts, Co. C 166th Infantry, Na-

## SIGLER ACTS IN AUTO STRIKE

### Michigan Governor Has Meeting Arranged for Chrysler Co. and Union Agents.

**BULLETIN**

By The Associated Press

**DETROIT, May 24—General Motors Corp. today offered the CIO United Auto Workers a wage increase in excess of six cents an hour according to reliable sources.**

**The first break in the General Motors deadlock came a few hours after Gov. Kim Sigler stepped into the 13-day-old Chrysler strike and brought both sides back to the bargaining table.**

By The Associated Press

DETROIT, May 24—Gov. Kim Sigler stepped into the Chrysler Corp. strike today and brought both sides back to the bargaining table.

The governor capped a dramatic night-long session by telling newspapermen the CIO United Auto Workers and Chrysler had agreed to sit down Wednesday and try to settle the 13-day-old walkout.

They will meet in the governor's Detroit headquarters, Sigler said. The time is 2 p. m. Wednesday.

If the meeting comes off as planned, it will be the first get together since May 11, the day before the 75,000 Chrysler production workers hit the picket line.

The UAW-CIO has asked a 30-cent hourly wage increase. Chrysler at one time offered six cents but this was rejected. The union later reduced its demand to 17 cents but reverted to 30 cents when the strike was called.

Sigler moved quietly and fast. He came into Detroit Sunday. He immediately got in touch with top UAW-CIO officials. Emil Mazey, acting president of the big union, went to his (Book Cadillac) hotel suite.

With him went Norman Mathews, who has headed the union's fight against Chrysler.

Sigler talked to them. Then he conferred with Robert Conder, Chrysler's director of labor relations, and his assistant John Leary.

## TO ARRAIGN YOUTH ON ROBBERY CHARGE

### Second Prisoner in Holdup Near Waldo Brought Here.

William J. Combs, 20, of New Hall, W. Va., second of the two men nabbed by the state patrol after the robbery of a filling station near Waldo last Wednesday night, will be arraigned in municipal court on a charge of armed robbery Tuesday, Deputy Sheriff Edgar Fink said today.

Comb was released from University hospital in Columbus Saturday and transferred via ambulance to the Marion county jail. He had been hospitalized as a result of head injuries suffered in the capture.

His companion Walter G. Quesenberry, 19, also of West Virignia is in county jail under $3,000 bond awaiting grand jury action Thursday on an armed robbery charge. He pleaded guilty to the charge on arraignment in municipal court here Friday.

Deputy Fink indicated Combs had sufficiently recovered to be able to walk from the ambulance into the jail upon arrival here Saturday afternoon in the Axe ambulance. The deputy reported clothing would have to be obtained for the prisoner before he could appear in municipal court. He arrived here in hospital clothes.

## SEN. GEORGE SAYS TRUMAN NOT THE MAN

### Georgia Democrat Sees Need for Leader To Stabilize Country.

By The Associated Press

WASHINGTON, May 24—Senator George (D-Ga) said today the voters ought to elect in November "a strong, one-term president who can set this country on the right course."

George, who has been mentioned as Georgia's favorite son candidate in the Dixie civil rights battle against President Truman's nomination, told a reporter he doesn't think Mr. Truman "is the answer to the country's prayer for leadership."

"We need a strong, one-term president who will forget politics and bring expenditures down to the point where we won't go bankrupt," the Georgia senator declared.

"Unless we change the trend we are in now," George said, "we are heading for expenditures that may reach 48 or 50 billion dollars in calendar year 1949. We are heading for a deficit and increased taxes and I don't think the country can stand it."

**Cold Toward Eisenhower Move**

The Georgian indicated he may not go along with one proposed southern move to put the name of Gen. Dwight D. Eisenhower before the Democratic convention.

Eisenhower was quoted in Chicago last week as saying he isn't going to give public support to either the Republican or Democratic nominee for President.

Senator Robert A. Taft's camp was credited with spurring a move to get Gen. Douglas MacArthur home to testify before the senate appropriations committee on far eastern conditions before the June 21 Republican convention.

The Taft backers apparently think MacArthur—with eight delegates backing him in Wisconsin, two in Illinois, and scattered strength elsewhere—might be induced to support Taft publicly if the general concludes he can't win the nomination himself.

**Basis of Strategy**

The possibility of Eisenhower's being picked at the later Democratic convention already is being used against them, Taft's backers say. Hence they would like to have MacArthur in their corner as a security hedge in the delegate's minds.

The Taft people said their fear of a convention blitz of Harold E. Stassen was eased by the victory of Gov. Thomas E. Dewey in last week's Oregon primary.

But what they gained there, they lost in new worry about the New York governor's regained strength.

### *Truman Pledges Below Victory Guarantee*

By The United Press

WASHINGTON, May 24—President Truman apparently will go into the Democratic national convention in July without enough formally pledged delegates to assure his nomination.

His additional votes will have to come from the unpledged and unenthusiastic Democrats who will make up a large part of the convention membership. Despite this shortage of pledges, the consensus here is that Mr. Truman is in the race to stay and will be nominated to head the Democratic ticket this year.

But the convention delegate set-up is such as to invite an effort to get the name of Gen. Dwight D. Eisenhower before the convention in an effort to stampede the Democrats. A few southern Democrats still are looking hopefully toward Ike despite his public statements that he doesn't want any part of politics.

## BRANNAN NOMINATED FOR U.S. CABINET JOB

By The Associated Press

WASHINGTON, May 24—Charles Franklin Brannan was nominated today to be secretary of agriculture. He now is assistant secretary.

The President sent Brannan's name to the senate shortly before it convened at 11 a. m. EST.

Brannan, a native of Colorado, succeeds Clinton P. Anderson, who resigned May 10 to run for the senate in New Mexico.

The President also nominated Frieda B. Hennock, a New York City lawyer, to membership in the Federal Communications commission. Miss Hennock was named to succeed Clifford J. Durr, who said sometime ago he did not want a new term.

Miss Hennock, named for a seven-year term starting July 1, is the first woman ever appointed to the commission.

## AUTO WORKERS BACK STRIKE

### Vote To Support Chrysler Walkout at Regional Meeting Here.

More than 70,000 UAW-CIO members affiliated with the union's 37 locals in northern Ohio were placed on record in support of the Chrysler strike in Detroit by delegates to the auto workers regional meeting here Saturday.

The amalgamated local 750 representing units in Marion and Galion was host to the annual convention attended by 375 delegates from region 2-B who heard a slate of speakers headed by Richard W. Gosser, of Detroit, international vice president of the auto workers union.

**Reports on Strike**

Gosser, who represented the union as regional director last fall at the negotiations concluding the 75-day North Electric Co. strike in Galion reported on the 12-day old strike in Detroit.

He declared the UAW still adamant in its request for an hourly wage increase of approximately 25 cents an hour, necessitated he said to effect a levelling off of the relationship of wages and prices. The UAW, he reported is determined to hold the line until successful negotiations have been completed with Chrysler and the 73,000 now idle may return to their jobs.

Chairman of the meeting was present regional director Charles Ballard of Toledo. Introduced as speakers during the all day session were attorney Lowell Goerlich, formerly of Marion and now of Toledo, who in an address on the Taft-Hartley Labor law indicated that repeal was possible; International Representative Walter Madrzykowski, and UAW summer camp leader, Lowell Rediger.

Edward J. Duck, international organizer at Galion last fall during strike activity there, also was among the speakers. Duck spoke on the organization of UAW cooperatives which he declared to be essential if union workers are to meet rising prices. He reported on the operation of cooperatives established in the Toledo and Detroit areas.

Sandusky was selected to be the convention spot for 1949.

## CONTRACT AWARDED FOR BRIDGE PAINTING

Marion county commissioners this morning granted a contract to the John W. Sherrick, Co. of Lima for the painting of seven bridges spanning the Whetstone river in this county. The engineer's estimate of the cost of painting the seven bridges was $6,484.11. The Sherrick Co. submitted a low bid of $4,354.88 for the job. Only three companies submitted bids.

The contract calls for the seven bridges to be cleaned by sandblasting, painted with a primer coat, and then with a field coat of black paint.

Walter W. Johnson, Marion county engineer, said today that the completion of the painting of the bridges, with the painting of the five bridges over the Whetstone last year, would see all of the 12 Whetstone river bridges well painted and in first class condition.

**DEWEY HOLDS LEAD**

**PORTLAND, Ore., May 24—Gov. Thomas E. Dewey of New York held his lead over Harold E. Stassen of Minnesota today as late returns piled in from Oregon's presidential preference primary. With upstate ballot boxes locked up over Sunday, only the metropolitan Multnomah county area (Portland) finished up the unofficial tally. The count in 1759 of the state's 1861 precincts gave: Dewey 111,657; Stassen 102,419.**

Armstrong of LaRue, won the Democratic nomination for treasurer of state with a vote of 126,173. His opponents received the following votes: Thomas Mulcahy, 115,724 and Samuel A. Anderson 106,877.

### *To File Charges Against LaRue Driver in Crash*

Manslaughter charges will be filed against Mrs. John Ridgway, 20, of near LaRue, in connection with the death of a Findlay contractor, a United Press dispatch from Findlay, quoted Hancock County Prosecutor Joe M. Moorehead as announcing today.

The announcement followed a ruling by County Coroner Byron F. Voorhees that Mrs. Ridgway failed to observe a stop sign before entering a main highway.

Mrs. Ridgway, who is in San Antonio hospital at Kenton with a possible skull fracture and other injuries, is reported to be improving. An X-ray will be taken Tuesday to determine any other possible injuries, a member of the family said today. Her condition is said to be regarded as not serious by the hospital attendants.

The accident occurred about 5:30 p. m. Friday when cars driven by Mrs. Ridgway and William E. Dorsey Jr., 30, collided on U. S. route 30-N six miles north of East Williamstown. Dorsey died of internal injuries shortly after he was admitted to Findlay hospital.

## JUDGE BOOSTS LIQUOR FINES

### Hazen Warns Penalty in Bootlegging Cases Will Be at Least $400.

Stiffer fines for bootleggers may be expected here in the future as the result of an announcement of policy today by Judge W. Dexter Hazen of municipal court.

"Recent investigations, raids, and arrests here by city police and state liquor agents have revealed that a new high has been reached here in the number of bootleggers, and in the boldness and scope of their operations," Judge Hazen said.

"This constitutes not only a show of contempt for the law on the part of those people but provides unfair competition for legitimate, licensed, bar and night club operators who pay their license fees and observe the regulations of the city and state.

"Maximum fines in cases where a person pleads guilty to bootlegging or is convicted of it by the court can run as high as $1,000. The court here in the past has customarily assessed fines at $100 to $200. A legitimate bar selling whisky must pay $400 for a license. Therefore the court believes that if a legitimate bar operator has to pay $400 for a license to sell whisky, an additional $400 for a license to sell liquor after midnight until 2:30 a. m., and an additiona $1,000 if he wishes to operate a night club, it is only fair that the bootlegger, his illegal competitor, should pay at least $400 in fines for each time he is found guilty of bootlegging, with the possibility of the tariff getting higher if repeated and aggravated incidents of this type of violation involve the same person.

"As it is the desire of the court to be fair in all things this policy maybe considered adopted as of this date, and all bootlegging fines will begin at $400 starting today," the judge concluded.

## VERDICT OF MARION COURT IS REVERSED

### Appeals Judges Rule on Courthouse Painting Contract.

The Third district court of appeals at Lima Saturday reversed judgment and returned the breach of contract case of Frank Slatzer and Jessie L. White against the Midwest Sandblast Co. to the Marion county common pleas court with the instruction to render judgment in favor of the plaintiffs.

Case had been appealed on question of law after the common pleas court had reversed the verdict of a jury in favor of the plaintiffs in the amount of $166.24 dismissing the petition of the plaintiffs and at the same time a motion for a new trial by the defendant.

The court of appeals found the common pleas court had erred in notwithstanding the verdict of the jury. Opinion was written by presiding Judge Walter S. Jackson and concurred in by Judges George S. Middleton and Charles A. Guernsey.

The case involved a Marion county courthouse redecoration contract awarded in 1945, to the Midwest Sandblast company which allegedly sublet painting of the exterior of the building to Slatzer and White.

The plaintiffs charged they were not permitted to go ahead with the job after arrangements had been made to begin work, stating that the defendant had employed others to do the work. Slatzer and White filed suit charging breach of contract. They were represented by J. W. Jacoby. The Midwest Sandblast company was represented by J. D. Williamson and W. P. Mooney.

## 36-HOUR DELAY SOUGHT FROM COUNCIL OF UN

### Jews Agree To Stop Fighting But Report Is Adversary Will Not Unconditionally.

By The Associated Press

LAKE SUCCESS, May 24—Faris El Khoury of Syria said today the Arabs would ask the United Nations for a 36-hour extension of the security council's Palestine cease-fire appeal.

El Khoury disclosed the Arab plans shortly after the noon deadline for the truce passed without any acceptance or rejection from the Arab countries.

He said he had received instructions a few minutes after the deadline to ask for more time.

El Khoury said consultations on the truce were in progress now, or would begin shortly, at Amman Trans-Jordan.

He said he was instructed to inform the council the cease-fire appeal was received too late to enable the Arab countries to consult before the deadline.

Shortly before the deadline a high Arab representative here said the Arab countries would not agree to an unconditional cease-fire. UN officials, however, said they had received no communications from the Arabs.

**Arabs' Requirements Stated**

El Khoury, only Arab member of the United Nations security council, told a reporter the Arabs would cease fire only if the provisional government of Israel ceased to function.

This virtually ruled out a truce in the Holy Land war.

The council was scheduled to meet at 1:30 p. m. to hear the results of its appeal. El Khoury said he was not sure whether he would speak.

The Israel government made its cease fire offer in Tel Aviv yesterday as Arabs in Cairo claimed an Egyptian mobile force had driven into Jerusalem during the day to join Arab Legionnaires attempting to smash Jewish resistance in the city.

A Jerusalem dispatch said Jews and Arabs were fighting hand to hand in the Holy city, barely 300 yards from the Church of the Holy Sepulchre. Withering Arab artillery fire pounded Jewish machine guns posts in Notre Dame hospice, in the shadow of the ancient church.

An earlier dispatch from the Jewish sector of the city described Arab shelling as relentless but ineffective, with no position falling in 24 hours.

**Americans Die of Wounds**

Two Americans died yesterday of wounds suffered in the bullet ridden city.

Thomas C. Wasson, 52-year-old U. S. consul general, died of bullet wounds received when a sniper shot him near the American consulate.

The state department in Washington said Herbert M. Walker, U. S. Navy radioman, died last night of wounds suffered in Jerusalem Saturday, when he was caught in Arab-Jewish cross fire behind the consulate.

A third American, Thomas Gunnon, veteran consulate guard, was shot in the back May 14.

### *U.S. Sends Direct Appeal to Arabs*

By The Associated Press

WASHINGTON, May 24—The United States has appealed directly to the seven Arab nations to comply with the United Nations security council's cease fire order for Palestine.

The state department announced today American representatives were directed by telegraph to inform the Arab governments that the United States is "gravely disturbed" at the course of developments in Palestine.

The instructions, dispatched yesterday, expressed hope the Arabs would cooperate with the UN's efforts to end the fighting.

Press officer Michael J. McDermott noted that the United States made the appeal on its own initiative, and that the action followed representations on the Palestine issue to both the Arab states and the Jewish leaders.

### *Large Crowd Sees Bike Riders Go Through City*

A large crowd lined Delaware avenue and Main street to watch 25 bicycle racers competing in Ohio's Olympic trial races pass through here Sunday enroute to Bucyrus, the next town on the route from Columbus to Shelby where the 135-mile trek ended.

The riders passed through here without mishap, Russell Wenger, Junior C. of C. chairman in charge of a safety committee to insure safe passage of the racers through Marion, reported.

Roy Stetina, the winner, was leading the cyclists when they reached here at 10:20 a. m. He covered the distance from Columbus to Marion in two hours and five minutes.

Mary Ann McKeever, Rosemary Sidenstricker and Joan Merrell entertained with piano numbers. Richard Blair played two selections on the guitar and Dolores Cosey sang a solo.

The following officers were installed for the coming year; Mrs. Seas, president; Mrs. Harold Van Houten, first vice president; Miss Ruth Drollinger, second vice president; Mrs. Fred O'Hare, secretary; Mrs. Harold Jamison, treasurer; Mrs. Grace Sidenstricker, delegate and Mrs. Paul DeWitt alternate to the city council.

Mrs. Edwin Merrell, a past president, presented a past president's pin to Mrs. McKeever. Pupils of the Sixth grade and their parents were honor guests, and the pupils were presented letter openers upon which were scripture verses.

The pupils, parents and teachers were seated at a long table decorated with bouquets of blue and yellow iris and favors were individual plants. The Sixth grade received the attendance award. The social hour was in charge of Mrs. Harold Jamison, social chairman, and her committee.

French-born Anthony Dupce, former circus trapeze performer and now a hotel kitchen worker, is the man.

The father claims this record: four sets of twins from the first wife—23 children from the second and third—and one from the fourth wife before yesterday's triple play.

## Some Cause of Backache

There are at least 50 different [illegible] in the lower part of the [illegible] maybe more. Thus, when one goes to the doctor complaining of backache [illegible] quick and definite [illegible] to the cause of his [illegible].

It is reassuring to know, however, that about 90 out of 100 backaches [illegible] condition causing the pain is not serious. In the majority of cases 90 per cent the backache may be a sign of some major ailment and the condition should be carefully studied.

Among the more common causes of backache are inflammation of the muscles of the lower part of the back or of certain of the joints of the spine. It may also be produced by sacroiliac strain. The sacroiliac joint is located between the lower part of the spine and the hip bones.

Many cases of backache are not due to trouble with the back or spine itself but to disorders within the abdomen. Kidney disorders are sometimes responsible for back pain, but not as often as many people think. Inflammation of the tubes or ovaries in women, on the other hand, are more often responsible for backache than is generally realized.

In cases of inflammation of the tissues, rest and the application of heat and massage may be all that are required. Sometimes a special brace may be needed to give support to the muscles of the back.

Occasionally the backache may be due to a disorder of the feet. This is not unusual, since foot strain will also lead to some strain on the back muscle. Hence, the wearing of special shoes may be required. It may be necessary to change the way of sitting, walking, or standing in order to get relief.

People who have repeated backache or backache which lasts for a long time should, of course, consult a physician for thorough study. X-rays of the spine sometimes help to disclose the location of the trouble.

Remember, however, that it is not always easy to find the cause. It may require several weeks of examination on the part of the physician before he can put his finger on the responsible disorder, but once it is found, in most instances, the trouble can be completely relieved.

I. W.: Can undulant fever be cured? How long does it take?

Answer: Recently, good results have been obtained in the treatment of undulent fever by the combined use of streptomycin and the sulfonamide drugs. Cures have been reported with this treatment.

*Learn While You Earn?*

A New York family advertising for a baby-sitter offers not only "prevailing wages," but also "television set."

What, no ice-box raiding privileges?

That couple ought not have any difficulty getting sitters if they just arrange to go out the nights the fights are on.

The competition for baby-sitters has become a frenzied one. Not only do you have to make an appointment weeks in advance but heaven help the mother with nothing to offer but children.

Baby-sitting has become a highly-organized profession with more union by-laws than Petrillo and a motto, "They Also Serve Who Only Sit and Nurse."

In fact, any day now, every house not air-conditioned is liable to be picketed by kids carrying signs: "UNFAIR TO SITTERS."

It's your own business whether or not you coddle your children . . . . but you've got to pamper your baby-sitter.

BETSY ROSS MEETING

Devotions were by Mrs. Hattie Richards, and Mrs. Mabel Poulin won a special award. Discussion was held on assisting with preparation of flower bouquets for Memorial day, and on the state convention at Dayton June 20-24. For the next meeting, a dinner at noon will be held to celebrate in honor of members whose birthday anniversaries were observed during the last quarter.

# COAL STRIKE OUTLOOK WORRIES STEEL MEN

By The Associated Press

CLEVELAND, May 24 — The [illegible] of another coal strike [illegible] outlook for continued [illegible] production, the magazine Steel today.

"[illegible]ut now 95 per cent [illegible] and the scrap supply [illegible]y improved, Steel de[illegible] of negotiations between soft coal operators and the miners last week, before they had scarcely started, is posing a particularly difficult hurdle for the summer months. Settlement of this dispute before coal contracts expire June 30 now appears more remote than ever.

"While a government injunction may prevent strike action until September, the whole situation makes planning ahead extremely difficult for both producers and consumers of steel."

Steel also expressed concern over "the third-round wage drive" in the automotive industry and pointed out Chrysler as a good indicator of things to come.

If the union wins its demands in its strike there the magazine said, industry can expect "wage demands and work stoppages on a wide scale over the summer months." If it fails, it said, then general pay boost "enthusiasm" will be dampened.

The lack of uniformity in the price pattern of the steel industry again drew Steel's attention today.

National Steel Corp., said Steel, reduced cold-rolled sheets and strip $2 per ton, while Sharon Steel Corp. cut prices $1 per ton on hot-rolled carbon strip, and $2 on hot and cold rolled alloy strip and high tensile strip.

"Two southern producers," the magazine went on "advanced their prices $3 per ton on pig iron, while a St. Louis district producer raised its pig iron price $5.75 per ton.

"A producer of charcoal pig iron" also raised prices $3 per ton."

## Dewey by a Mustache

GOVERNOR DEWEY didn't win by much in the Oregon primary. But the important thing is that he won at all. He was in the kind of a race that can break a candidate's heart.

When it began he was the favorite. But Harold Stassen immediately took the rail and held the lead consistently until a few days before the finish. Then Dewey passed him, winning by a mustache.

To hold the metaphor, Dewey had to win in the stretch, running against one of the toughest competitors in the business. No one denies that Stassen is a hard man to beat. Wherever he competes he makes a race of it.

In Oregon he made Dewey run faster than he ran even in 1944 when he was the Republican presidential candidate. If observers on the scene haven't been spoofing, he made Dewey run so fast that the Republican national convention will look at him with new respect; no one knew he had that much campaigning ability in him.

Oregon was the last chance before the conventions for voters to participate in the sport of president-making. The decision now rests in the hands of politicians. The Republicans have so many able possibilities for the nomination they don't know what to do. The Democrats have only one—and they don't know what to do either.

## Packinghouse Strikers Lost

STRIKING employes of all but one of the big packing houses have been permitted to vote to go back to work after 67 days.

This is the first big strike of the postwar period that has been so clearly lost no one can have any doubt about it.

The strike leaders called a walkout they couldn't maintain. Their union wasn't ready. Their rivals (AFL) took advantage of them by settling for the same wage boost the strikers (CIO) rejected. Many of the strikers went back to work before the strike ended. The public had no sympathy for the walkout. The whole thing was a blunder.

The right to strike is guaranteed, with such exceptions as public utilities and certain key industries in wartime. But contrary to a notion common among union leaders, the right to win a strike isn't guaranteed. It never was.

It only happened that for many years most strikes were won by the simple expedient of taking what the strikers wanted out of the consumer's pocket, thanks to the collaboration of employers. But employers aren't collaborating any more.

Striking has become once more what it used to be—a gamble.

## A Military Fact of Life

THE President's signature on the three-billion-dollar-plus air force expansion law closes the issue.

The United States will not let the Soviet Union win the armaments race by default. But in making such a decision the United States will come up against one of the military facts of life.

It will build up its own air fleet at great cost and then will have to junk the result, or take the risk of possessing airplanes that are out of date.

That was Germany's downfall in the battle of Britain. The newest types of British planes were too tough for the German planes already on hand. It was Japan's downfall in the battle of the Pacific. The planes it had on hand were no match for the new planes built by the United States after the potentialities of the Japanese air arm had been revealed. It was France's downfall; the French army, supposedly the best in the world, was out of date when the time came for it to save France—and France couldn't afford a new one.

It isn't accidental that armies customarily get ready to fight the next war with the obsolete weapons of the last one. It's the inevitable result of doing what the United States now is going to do with its air force—build it up to fighting strength in terms of existing models of airplanes. The trouble is that all existing models of airplanes already are obsolete.

## Harvest

THE first wheat of the 1948 crop has been harvested in Bell county, Texas. One of the heaviest grain crops on record is in sight.

Farther north the harvest season is less advanced. It has produced only rhubarb, onions, asparagus, radishes and dandelion greens. But homegrown strawberries are looming rosily only 10 days away. A bumper fruit crop is assured by better luck with late frost than growers expected.

Prospects are good everywhere. It will be a year of abundance—another year of abundance. If there are no untoward events in South America, Europe, Asia and Australia, the world's chronic food deficit may be reduced substantially for the first time since the warrior nations upset the precariously balanced grocery cart in the late 30's.

The United States, which has been courting disaster by overworking its land and stripping itself of reserves, will be able to go back to a more conservative policy.

# Scanning the Record

By George E. Sokolsky

### *Can the United Nations Stop a War?*

THE United Nations cannot dodge the issue that a war is going on in Palestine, that armies are marching out of Egypt, Syria, Trans-Jordania, and other Arab countries. Supplies are being sent to the Arabs by Great Britain under existing agreements. Supplies are being refused Israel and the Arabs currently by the United States. If Great Britain is paying for her aid to the Arabs with American dollars without even a protest on the part of the United States, then this country is either an accessory to Great Britain's lack of neutrality or is being imposed upon.

SOKOLSKY

This is a war. The United Nations can see that it is a war by reading the daily newspapers every day. They can see it in the photographs and the newsreels. There is no secret about this war. Yet, the United Nations has neither the will nor the power to stop the war. For what purpose then does the United Nations exist? Under its charter, war is its responsibility.

It can be argued that this war comes so early in the life of the United Nations that it is not yet ready to stop a war, just as the old League of Nations could not stop the Manchurian war, the Ethiopian war, the march on Austria and Czechoslovakia, and the general war of 1939-1945.

**Burdensome Inheritance**

The United Nations is naturally not yet established. Its pretensions are beyond its abilities. That does not mean that the United Nations could not and might not become a parliament of states in time. It only means that during the organization period it has not achieved that position. The most that can be said for the United Nations is that it is trying to learn est difficulties and without the est difficulties and without the support and enthusiasm of an important bloc of member states. It inherits the accumulated antogonisms of centuries among states that have not yet learned to trust each other.

The war between Israel and the Arabs complicates this situation because it forces the United Nations to undergo a test of authority and strength for which it is not yet ready. It is required to stop a war before it has organized to maintain the peace. It is required to police the world before it has succeeded in agreeing on how to build a police force. And yet, if war in Palestine is possible, it is possible anywhere.

**"New Model" Wars**

As a matter of fact, there have been other wars since VJ day but they have been of a new pattern for which there is neither a name nor a rule in international relations. For instance, the separation of Czechoslovakia from western Europe was accomplished by the seizure of power by a foreign-controlled indigenous minority political party. Similar to the seizure of Norway by Quisling. The difference is that Quisling was obviously supported by an army, whereas the army was not so obvious in the matter of Czechoslovakia. Aggression is definable when an army moves; it becomes a question of opinion when the same end is achieved by revolution, coup d'etat, or economic sanctions.

With regard to Palestine, the armies do move. They are obvious. Therefore, it is war. And it is the business of the United Nations to prevent wars from happening, and when they do happen, to stop them. This, the United Nations cannot do, nor can it stop the British from supplying the Arabs with arms. Therefore, the United Nations must admit impotence and appeal to all the member states to supply Israel with arms to counteract the British supply to the Arabs. But to do that the United Nations might risk a British veto which would create a worse impression of fatuousness than Mr. Gromyko's two dozen or so vetoes.

Therefore, the United Nations does not know what to do. Yet, if this war continues prolongedly, who can say that it might not grow into a general war? And once that comes again, the United Nations disappears. Therefore, those states which have recognized Israel should, on their own, provide arms to Israel against the Arabs as the only means of bringing this war to a termination without benefit to the aggressor.

# Russian Area's "Soft Spot"

By Stewart Alsop

VIENNA

SECRETARY of State George C. Marshall has included Austria in his list of three vital areas of conflict, where Soviet actions looking toward a peaceful settlement will speak louder than Soviet words about the peace policy of the Kremlin. Austria is dangerous simply because the Russian zone of Austria, unlike the Russian zone of Germany, is almost the last remaining soft spot in the vast new Soviet empire in eastern Europe. The soft spot can only be hardened, can only be consolidated into the monolithic structure of the Soviet sphere, by breaking the power of the central Austrian government. And the Russians cannot do this without provoking the most explosive crisis since the end of the war.

ALSOP

Moreover, although they may now have changed their minds, there is not the slightest doubt that the Soviet planners have already considered various techniques by which the anti-Communist Austrian government might be broken. One technique has indeed already been tried. The Russians expected that by denying raw materials, and especially oil, to the Austrian economy, the position of the government would be rendered hopeless. This technique has now failed. It has been checkmated by American economic aid.

**Campaign of Fear**

Another technique has also been considered, and tentatively applied. The Soviets have experimented with an attempt to spread a paralysis of fear among Austrian officials, thus wrecking the machinery of government. To this end more than 400 Austrians, largely minor officials, have been spirited away by the Soviet secret police in the last 18 months. Yet this kidnaping technique (which has of course also been employed in Germany, Trieste and elsewhere) has also been checkmated, largely by reason of the remarkable courage displayed by the Austrian leaders. Such men as Chancellor Leopold Figl (a small man with a low comedy face and the heart of a lion) and Minister of the Interior Oscar Holmer, have regularly invaded the Soviet zone, putting backbone into the people and officials, and purging the Communists from the Russian zone's Austrian police force.

**Stronger Tactics Required**

Thus it is clear that more extreme measures will be necessary if the Russians intend to break the government's power. That is why reports of a Soviet-sponsored military organization known as the "Black Brigade" are taken with the utmost seriousness by Western officials here. The Black Brigade, in which Soviet Commander Kourasov is known to have taken a personal interest, consists of 1,500 to 2,000 picked Austrian Communists, heavily armed with automatic weapons, commanded by a Russian officer, and stationed about an hour's run from Vienna. The brigade has been recruited from the most trusted Communists in the Russian-trained factory guard.

There is no doubt that the Black Brigade could be effectively used as the spearhead of a Soviet-sponsored "People's Revolution."

The Austrian police are virtually unarmed. Since the four-power Allied security forces are commanded by Russians one month out of four, the present government could simply be ousted, replaced by a stooge "People's Democratic government," and the Western powers thus faced with an accomplished fact.

**Russians Lift a Barrier**

Yet here it is worth reciting a minor incident, which occurred when the Russians were indulging in one of their most recent needling operations, designed to embarrass the Western powers in Vienna. The Russians announced that henceforth the usual movement orders for troops moving from the Western zones through the Russian zone into Vienna would not suffice. Special stamped passes bearing a picture of each soldier would be demanded. The British authorities thereupon decided on a bold experiment.

Thirty armed men were placed under the command of a captain. The men were given the conventional papers — but not special passes. The captain's orders were simple; to get through to Vienna, come what might. At the first Soviet barrier the small convoy was hailed and the special passes were demanded. The captain calmly made it clear that he intended to proceed. Russian heads were shaken, Russian rifles waved, and the barrier remained in place across the road. The captain then gave the order, "Troops, de-truck."

The 30 armed British soldiers scrambled out of their trucks, and took up positions around them. The implications were clear to all concerned. There followed a few nervous minutes of harried telephoning inside the Russian guard house. Then—no doubt to every one's infinite relief—the barrier was lifted, the British troops climbed back into their trucks, and the convoy continued without further difficulty into Vienna.

It is hardly necessary to labor the point of this story. Whatever hopes may have been aroused by the Moscow peace offensive, it must still be assumed that Soviet attempts to probe and prod against the Western position will continue on the practical, operating level. Yet if the Russians are wholly convinced that in the end force will if necessary be met by force, they will not press on too far.

## War Surplus Status

By International News Service

HONOLULU — Uncle Sam's mighty stack of war goods in the Hawaiian Islands is about disposed of. And what he has left will not bring much money. That was the information released recently by Raub Snyder, Hawaii Regional Director for the Assets Administration. Snyder disclosed that about $54,000,000 worth of war surplus material remains to be sold. He added; "For the remaining $54,000,000 worth of material, we expect to get less than 10 cents on the dollar."

# From News of Other Years

**TEN YEARS AGO**

It was Tuesday, May 24, 1938.

The official Reichsgesetzblatt published a decree dated May 20 enforcing the so-called Nuernberg racial laws in former Austria. The laws, proclaimed by Hitler, denied Jews full citizenship rights under "protection of German blood and honor."

The Marion Civic orchestra closed its fourth season with a program in the First Presbyterian church. Abram Ruvinsky of Columbus directed the orchestra and the guest vocalist was Rachel Van Cleve of Cleveland.

Mrs. Ralph E. Carhart and Mrs. George Brandon were welcomed as members of the Clionian club at the home of Mrs. B. H. Buettin of East Center street. Miss Grace Colvin, visiting teacher, was a guest speaker.

Bud H. Lawson, clerk of the Marion county board of elections, was one of the principal speakers at a statewide election clinic held in Columbus at the call of Secretary of State William J. Kennedy.

It was announced that Morgan "Bud" Burke of South Vine street had won the half-mile championship for the state of Kentucky in an interscholastic track meet at Lexington, the preceding Saturday.

Six graduates received diplomas in commencement exercises held at the Kirkpatrick school. The seniors were Kathryn Maxine Scott, Mary Katherine Hart, Martha Eileen Weir, Katherine Virginia Forry, Earnest Ray Speece and Omar James Williams.

**TWENTY YEARS AGO**

It was Thursday, May 24, 1928.

A group of West Center street merchants called at the office of the mayor to register a friendly protest against what they called "lack of speed" in the work of widening and repaving the street. They said that as a result of the street being blocked their business was seriously handicapped. One merchant reported his sales had dropped from $100 a day to $25 since the street was started.

Mrs. R. P. Sullivan and son, Robert Eugene of New York City, were visiting Mrs. Sullivan's parents, Mr. and Mrs. A. F. Harruff of East Washington avenue.

Quotations on the Marion market included: strawberries 18 to 30 cents a quart, new potatoes five pounds for 25 cents, old potatoes 35 cents a peck, pineapples 15 to 30 cents, oranges 25 to 70 cents a dozen, lemons 39 cents, eggs 26 cents a dozen, dressed chickens 34 cents.

A daughter was born to Mr. and Mrs. H. W. Stalter of West Columbia street.

Eight different Harding High school play casts were represented at a banquet for members of Ye Merrie Players in the domestic science room of Harding High school. Miss Jane Guthery presided for the program and talks were given by K. H. Marshall, and Miss Isabelle Freer of the faculty, and Mary Pennock, Helen Jacoby Mildred Crow, George Stalford, James Shipley, Margaret Forry, James Reed and Robert Elliott of the various casts.

# Leadership Still in Doubt

By Walter Lippmann

IN A few weeks Secretary of State Marshall will have gotten from congress all the money, weapons, soldiers and legal authorizations he can expect to get—unless there is a new crisis and emergency—during the remainder of the Truman administration.

The national resources put at his disposal for the support of foreign policy will be large, larger indeed than any that have ever been made available, except in war time, to this or any other government.

LIPPMANN

But the amount of money and of the weapons will not be unlimited. It will have been fixed. Moreover most of the money will have been committed and, therefore, in a very real sense its diplomatic effect will have been discounted. The weapons and the troops will also have been committed by the strategic doctrine of our armed forces.

The influence of the Marshall Plan and of the rearmament program will still be great but it will not be what it was when they were proposals, when, because they were unknown and uncertain quantities, they aroused hopes and fears which could not be measured.

For the period of the election Marshall will be in the position of a general who knows the limits of the material forces at his command, and must now make the most of them by planning, leadership, and morale. Congress will have supplied him with money and weapons, but he and the state department will have to supply the political insight and judgment and resourcefulness, and the diplomatic know how.

If, as the saying goes, the morale is to the material in war as three is to one, the radio is at least that in a cold war and in the struggle for reconstruction and peace.

Seen against the background of the election, the adjournment of congress, and the long critical months of the coming summer and autumn, the recent episodes — Smith - Molotov, Wallace - Stalin and the Truman-Marshall public reactions to them—cannot be written off as nothing more than Russian propaganda on the one hand and diplomatic inexpertness on the other.

**Shows Lack of Policy**

The net result of the administration's negatives has been to disclose a grave deficiency—the lack of an affirmative political policy with which to make use of the money and the arms placed at its disposal.

After Marshall had said no, no, to Molotov and Stalin, there was an embarrasing silence, because he was not prepared to say anything interesting to the world which was waiting so eagerly for him to say something.

The administration is proceeding on the theory that it cannot do anything, or even say anything, on the great issues which divide the world until western Europe is economically stronger, until it is united in a military alliance, until western Germany has a government and is a going concern, and until American military power has been reestablished. This theory, though plausible, is defective, lacking political energy, and we can already see that it is not going to work.

The European cooperation envisaged by the Marshall plan is less promising today than it was before the bill was voted. The separatist and nationalist and isolationist forces in Europe are very active, no longer so restrained as they were by the need to placate American opinion.

The project of western European union and the Brussels pact is very near to being stalled, largely because the administration's military program does not in fact carry out, as Europeans understood it, the president's promise to support a western Europe.

It is unlikely, therefore, that Marshall will be able to carry on through the next few months on the assumption that the excellent and necessary measures already taken will gradually redress the balance of power, and that in the meantime he can deal with comparatively small issues, like Berlin, Korea, Greece, taking no positive position on the really great issues which arise from the division of Europe.

For in the meantime he will be losing—there is evidence that he is losing—the confidence of the great masses of the people of Europe. This is not to say they are becoming more communist, quite the contrary. But there is good reason to think that they are beginning to doubt more and more strongly whether this administration knows how, to give them peace and relief from the burden of military occupation and military pressure.

The negative attitude taken by Marshall recently, coupled with the strategic ideas which underlie the American rearmament, are profoundly disturbing to the peoples of Europe.

# How Not To Start a Day

By TRUMAN TWILL

The finest meal of the day could be breakfast. It could be cheerful and gay. There could be leisure time to eat it in and a pleasurable suspense while it was being prepared. .what undeserved treat will be forthcoming this lovely morning?

Breakfast could be lingered over in that attitude of pleasurable living that can make a well-prepared dinner a high point in the day's routine. There could be witty conversation, joy and laughter. Breakfast could set a proper pace for another day's pleasant living.

It could provide a sense of deep satisfaction in the comfort of solid food that sticks to the ribs. It could send a man forth with his inner being calm, contented and fortified for whatever blows of adversity might be forthcoming.

Breakfast could be even a social occasion with carefully chosen guests arriving at the appointed hour full of anticipation and going away full of toothsome proteins, carbonydrates and roughage. It could be the piece de resistance of each day's eating.

But breakfast has fallen to low estate. It is a cup of coffee gulped in transit, a piece of rubbery toast and a smear of watery preserves. It is a bilious egg and a piece of stray sausage downed in a breathless race with the hands of the clock.

It is a grim chore performed in the half-light of a day that came too soon, a forced feeding to meet the requirement that man must keep up his strength even though it means heart-burn. It is a handful of trademarked horse fodder drowned in chilly milk.

It is an act of frustration to begin another day in which things must be slap-dashed and hurried along because time is fleeting. There is no graciousness at breakfast, no satisfaction—just millions of tired jaws chomping and grinding on borrowed time.

Breakfast is bleary eyes and sour dispositions, snorts and snarls of irritation, pale housewives in babby housecoats, children in danger of being late for school, squeamish appetites wrinkling at the thought of anything more substantial than a squirt of citrus juice.

There's nothing that can be done about it. That's the way it is. But it's not the way it should be, which is sufficient reason to repeat that what has happened to breakfast shouldn't have happened to the people who have let circumstances make an anti-climactic nightmare of what should be the finest meal of the day.

# Love's Perilous Path

By ADELE GARRISON

"The surprise is this," I told my small daughter, after she had said prayer that she would remember my injunction not to say a word to anyone of what I was going to tell her. In a very few days now, we'll all be going down to the farm for a party."

"Oh, goody, goody!" she exclaimed.

"Where did you get that expression?" I asked her.

"Why, Jerry Tuttle says it all the time," she rejoined. "Of course it's terribly dated, the boys say, and I wouldn't say it over at nursery school, but I like to, of course if I do, and I don't see where there's any harm in saying it at home here, with just relatives present."

Lillian looked over at us, a fatuously fond expression in her eyes.

"Just for that—" she said and did not need to finish. I knew how touched she and Harry and Katherine were at being remembered by Pat."

There was many more to say, of course, I told Pat, but of the rest of Jerry Tuttle's expressions, I hope you will not tell me about them."

"Sure thing, Mom, I don't care," but that's the only one I like." Then her face was transformed.

"I promised not to repeat anything you told me," she said, "but you haven't told me very much yet."

"I'm going to do that now," I said. "The people who are going to be at this party, are you, Daddy, Mummy, Grand-dad, Aunt Katherine, Cousin Mary, Cousin Noel, Aunt Lillian, Uncle Harry, Uncle Pat, Aunt Olie, and Cousin Olina."

"How perfectly scrumptious!" she said. Then her face clouded. "I suppose Granzie will have to stay in the hospital," she said.

"I'm afraid so, darling," I told her. "But the minute we get back, you shall go to see her."

"That will be nice," she said, but her eyes still were troubled.

"What about Jun and Rudi?" she said. "It won't be any party without them."

"I know it won't, darling," I told her, "but it's very hard for the boys to get away from their jobs except on regular holidays."

"Yes I know," she said. Then she threw an emotional bomb at me. "But Granddad's always able to get anybody from anywhere he wants to," she said, "especially for his 'hush-hush' stuff."

"Why do you say that, Faith?" I asked, too stunned at her guess to register her for her mention of her grandfather's affairs.

"Why" she countered, "you said it was coming to the party, and that makes it 'hush-hush.'

"Do I have to go to school from here to the party?" she asked.

A meeting of the local group set for the near future has been cancelled for a time, it was announced, but plans were formulated for a family picnic to be held soon. # Tom proposed by telephone!

Even a marriage proposal is typical of the endless variety of services performed by telephone. The value of telephone service is unlimited and we wish we could provide it NOW to everyone on our "waiting list." Unfortunately, switchboard equipment and material cannot be produced in sufficient quantities to meet the unprecedented demand. For example, lead covered cable ORDERED TODAY (we have millions of feet of cable on order and being delivered each month) will probably not be delivered until 1950.

# MARION DROPS 2 OF 3 WEEKEND GAMES TO ZANESVILLE

## Cubs Remain in Fifth Place; Will Meet Richmond Tuesday

By BILL DIEM

The Zanesville Dodgers have just about had their quota of games won on the Lincoln park diamond this year—two.

The Dodgers won that many from the Marion Cubs over the weekend and that's about all they managed to get during the whole of last year.

Manager Ray Hathaway's lads jumped on pitchers Si Pavkov and Frank DeLuca for 17 hits and an 11 to 9 victory Saturday, and received a 7 to 3 gift Sunday afternoon, but they went down, 7 to 2, last night with skipper Hathaway, himself, on the mound.

The three games, played before a total of 2,217 paid admissions, left Marion in fifth place with a 10-11 record and three and one-half games behind the league-leading Muncie Reds.

The Cubs are idle today but meet Richmond at Lincoln park tomorrow night.

**Pitches Stellar Ball**

Little Bill Burgermeister, his face drained of color before last night's game thinking about a ticket home if he failed on the mound, got off to a shaky start against the Dodgers, but from the fifth inning on pitched masterful ball, allowing but one hit and retiring the side one-two-three in all the innings.

It was his first victory against one loss.

Zanesville scored one run off him in the second frame off two hits and an error, and Don Hilbert hit a long fly ball out the first base line that rattled around in the corner for an inside the park homer in the third.

He gave up two singles in the fourth and Manager Hathaway sacrificed the runners to second and third, but Burger bore down and left them stranded there.

The Cubs shelled Hathaway for 10 hits, bunching them effectively to defeat the veteran hurler.

With the score knotted up 2-2 going into their half of the third, Lou Castrovince singled and Bill Boldue plated him with a double to left field. He came home on a pair of infield outs.

The Cubs nearly bunted Hathaway to death in the seventh.

Burgermeister, leading off, got to first on an error, and Bill Bohlander and Tony Mislovich loaded up the bases by successfully bunting out bunts hit toward third base. Boldue and Bob Shuford singled the runners home.

**Kicked Game Away**

The Cubs kicked away yesterday afternoon's game.

They were more potent at bat, outhitting the Dodgers, 8 to 6, but five Marion errors let through four unearned Zanesville runs.

Alivojvodic, in losing his third game against three wins, was in trouble in five of the nine innings, sometimes because of his wildness, but mostly because of the poor help he got in the field. He walked seven, as did Purcell, but struck out seven.

Jerry Mack homered over the right field fence with none on in the first, and the Dodgers scored three runs in the fourth off two hits and errors by Tony Mislovich and Schnepf.

With two away in the sixth, Dick Meyers walked, stole second, and came home when Ken Ostrander let one get through him at first base.

Zanesville scored twice in the seventh off three walks and a single.

Bob Shuford started a rally in the fifth when the Cubs trailed 4-0 by blasting one of Bill Purcell's pitches over the right field wall. Pete Schnepf singled, Don Schmitt walked, Ostrander forced him at second, Schnepf going to third, and Nick Alivojvodic drove in Schnepf and Ostrander with a sharp blow to right field.

That was the extent of the Marion scoring, although they had had a chance to get back in the game in the eighth when they filled the bases on a walk, a double by Schmitt and a hit batter, but with two away Alivojvodic struck out—swinging at three bad balls.

Purcell was aided by some fine outfielding in notching the triumph. Twice Hal Massey caught long flies to right field and threw to Walt Pulcini on first doubling the man on first.

**Too Little Pitching**

It was a case of two little pitching Saturday night as the Dodgers pounced on Frank DeLuca and Si Pavkov for 16 hits and 11 runs. Pavkov, the loser, went into the game ahead in the fifth, but gave up six hits and five runs in the sixth. Mitchell Gegax, who relieved Pavkov in the ninth, gave up one hit, a triple by Dave Myers, but fed the next batter a double play ball to retire the side.

Zanesville's John Pulcini homered with none on in the fourth, and Myers homered with none on in the ninth.

The Cubs collected 13 safeties off little Roy Smith, who was in serious trouble in the eighth, after walking the first three men in that frame.

With none out, Nick Alivojvodic came in to pinch for Pavkov, but he struck out. Tom Gatts, who had a bad night at the plate, also struck out. Mislovich and Bolduc singled, driving in three runs and Bohlander flied out.

Pitcher Frank DeLuca and outfielder Bob Bracken were released from the club after Saturday's game. Bracken was sold to the Elizabethton, Tenn., Cubs where Bekeza managed last year and the year before.

## Ohio Boasts Largest Number Of Scholastic Track Records

By The Associated Press

COLUMBUS, O., May 24—When Gene Cole of Lancaster High school ran that scintillating 48-second quarter-mile in Saturday's state high school track-field meet, he did more than set a national record for the event.

He moved the Buckeye realm right out front as the state boasting the greatest number of national scholastic records.

Of the 14 track events, Ohio athletes now hold the top mark in six, California ranking second with five, and Arizona, Texas and Minnesota having one each.

Until Saturday California was the pace-setter with six, and Ohio second with five, but Cole's great effort—in his first year on the cinders—erased the record set in 1915 by Sloman of San Francisco Polytechnic and tied in 1928 by Herb Moxley of Columbus Central. Sloman's record was :48.2.

**Owens Holds Half**

Of the national records boasted by Ohio, half are held by the great Jesse Owens who started as a star at Cleveland East Tech, went through an undefeated career at Ohio State, and climaxed his efforts in 1936 with three individual victories and a share of a relay conquest, in the Olympic at Berlin.

Jesse blazed to the national scholastic records in 1933 in the 100 and 220-yard dashes and the broad jump, with marks of 9.4 seconds, 20.7 seconds, and 24 feet 11¾ inches.

Cole was the first triple winner in class A in the state meet since Owens did it in 1933.

The Lancaster lad's one-man show wheeled his school into third place in the class A race, as Dayton Dunbar, with 22½ points, became the first Negro school in history to take the laurels. Canton McKinley, making the finest bid the Bulldogs have ever offered in the big meet, was second with 22 points, and Lancaster next with Cole's 16.

**Wins B Crown**

Independence won the class B championship with 18 points, with Walter Kluvay doing the job practically lone-handed. The speedy youth won the 100 and 220-yard dashes, and in anchoring the half-mile relay team to victory, came from last to first in his 220-yard lap.

In addition to Cole's national and state records, three other Ohio marks were eclipsed. Bonnie Parker of Mt. Healthy clipped 2.4 seconds off the mile record with a brilliant 4:29.6 performance in class B as he triumphed by about 60 yards.

The other records were in the class A "muscle" events. Bob Toneff, Barberton's 237-pound all-Ohio football tackle, tossed the shot 53 feet 9⅜ inches, and Eugene Strathman of South Euclid Brush whipped the discus 152 feet nine inches to erase the mark of 149 feet 7¼ inches set in 1939 by Stanley Baughman of Akron North.

### *Gene Fleming Wins Shot Put Crown*

Gene Fleming of Caledonia won the shot put championship of the state's class B schools with a 49 foot, four and one-half inch heave in the state finals at Columbus Saturday.

His first place in the event gave Caledonia six points and an eleventh place tie in the state meet which was won by Independence with 18 points.

The only other athlete from this area to place in the state "B" finals was Otis Stoner of Harpster, who earned a fifth place tie in the pole vault. He jumped 11 feet. The winning height was 11 feet nine inches made by Bob Reed of Troy and Joe Smorgala of Lakeside.

### *Clevelander Wins Bicycle Race Sunday*

By The Associated Press

SHELBY, O., May 24 — Roy Stetina of Cleveland is the champ of Ohio's 1948 Olympic bicycle qualifiers.

He averaged a little better than 20 miles an hour yesterday in defending a 25-man field in the 135-mile Olympic trials. His time was six hours, 48 minutes, 41.5 seconds.

Also qualifying for the district trials June 6 in Columbus were Dick Korver of Cleveland, Bill Whippled of Athens, Eugene McPherson of Columbus and Dick Davies of Reynoldsburg. They trailed Stetina in that order.

The race course ran from Columbus through Worthington, Delaware, Marion, Bucyrus, Crestline, Shelby, Ashland, Mansfield and then back to Shelby.

## Durocher, McCarthy on Managerial "Hot Seat"

### Dodgers Hit Rock Bottom in NL; Boston Only Shade Better Off

By The Associated Press

The managerial "hot seat" was sizzling today under Leo Durocher of the Brooklyn Dodgers and Joe McCarthy of the Boston Red Sox.

Durocher's Dodgers struck rock bottom yesterday with a resounding crash that could be heard all around Brooklyn from Coney Island to the Gowanus canal. They not only lost their eighth straight when they bowed to Cincinnati's Reds 6-5, but sank into the National league's cellar.

McCarthy's Red Sox were only a shade better off. A stunning double deeat dealth them by the tail-end Chicago White Sox dropped them into seventh place, only four lengths out of the American league's basement.

**On Spot at Outset**

What makes the present plight of Durocher and McCarthy most unenviable is the fact that both found themselves on the spot at the outset of the campaign. Durocher, after a year's absence at the special request of Commissioner A. B. Chandler, took over a team which had won the National league pennant in 1947. He was figured to finish no worse than second.

Even more was expected from McCarthy, who had come out of retirement to direct the Red Sox. A mid-winter spending bee by owner Tom Yawkey which brought such established stars as Vern Stephens, Stan Spencer, Jack Kramer and Ellis Kinder to Boston, caused the experts to make the Red Sox pre-season favorites.

Joe Hatten of Brooklyn couldn't hold a 5-0 lead yesterday as the Cincinnati Reds stormed from behind to kayo the California southpaw, and went on to hang the defeat upon rookie Erv Palica.

Pitching couldn't be blamed for the Red Sox's double dousing yesterday as late rallies gave the White Sox two 4-3 triumphs. Bob Kennedy's ninth inning single off Earl Johnson scored pitcher Joe Haynes with the winning run in the first game. Joe Dobson's wild pitch enabled Don Kolloway to score the winning run in the 10th inning of the second game. Haynes and Earl Harrist were the winning pitchers.

**DiMag Beats Feller**

A record breaking Cleveland crowd of 78,431 saw Joe Di Maggio steal the thunder from its home town hero, Bob Feller, as the Yankees and Indians divided a double header. Di Maggio blasted three homers, his eighth, ninth and tenth of the season, to account for all his team's runs as the Yanks defeated Feller, 6-5, in the first game. With Don Black hurling Cleveland took the finale, 5-1. Ken Keltner, major league home run leader, hammered his 13th in the opener.

Dick Fowler and Rookie Lou Brissie pitched the Philadelphia Athletics to within a half-game of the American league leading Indians by twirling 7-3 and 8-1 victories over the Browns in St. Louis.

Virgil Trucks walked pinch hitter Early Wynn with the bases loaded and two out in the ninth inning to force in Gil Coan with the run that gave Walter Masterson and the Washington Senators a 1-0 triumph over the Tigers in Detroit. Washington made only four hits to six for Detroit.

**Cards Pound Phils**

The National league leading St. Louis Cardinals pounded six Philadelphia pitchers for 31 hits to win a doubleheader from the Phillies, 18-3 and 4-1. Scoring in every inning but one, the Cards collected 17 hits in setting a season scoring high in the opener.

Larry Jansen pitched a four-hitter to notch his fifth victory of the season as the New York Giants defeated the Pittsburgh Pirates, 2-1, at the Polo Grounds. Despite the victory, the Giants dropped a half game to trail the Cards by three.

The Braves moved into a third place tie with Pittsburgh by downing the Chicago Cubs twice in Boston, 8-5 and 12-4.

## REDLEGS ESCAPE NATIONAL CELLAR

By The Associated Press

BROOKLYN, May 24—The Cincinnati Reds have escaped the National league cellar but, in typical Redleg style they did it the hard way.

In a battle of the tailenders, the Reds spotted the Brooklyn Dodgers a 5-0 lead and then came back to win, 6-5, and shove the Flatbushers into the basement. It was the Dodgers eighth straight loss.

Third sacker Grady Hatton delivered the winning run with his third homer of the season in the eighth inning, after Cincinnati had deadlocked the game, 5-5, in the previous round.

For the first four innings the Brooks looked like a cinch to snap their losing streak. They kept the Reds out of the run column while pushing over five runs of their own.

They counted three runs in the second inning off starter Johnny Vander Meer and then chased him in the third when they plated two more.

Red Lively, the first of three Cincinnati relievers, took over and the Brooklyn scoring was over for the day.

The Reds got two of the runs back in the fifth. Benny Zientara singled and, after Johnny Wyrostek had walked, Hank Sauer grounded sharply to shortstop Pee Wee Reese. It looked like a double play but second baseman Eddie Wiksis dropped Reese's throw and all hands were safe. Zientara scored when Danny Litwiler hit into a double play and Wyrostek came home on Babe Young's single.

Two singles and a double accounted for two more Cincinnati markers in the sixth and Litwiler's double an a pinch single by Ted Kluszewski deadlocked the game in the seventh, setting the stage for Hatten's winning blow.

Poland, as tentatively defined after World War II, is a little larger than New Mexico.

## DON BLACK SUCCEEDS AFTER FELLER FAILS

By The Associated Press

CLEVELAND, May 24—Manager Lou Boudreau of the league-leading Cleveland Indians prepared the No. 4 spot on his pitching staff today for the hurler who made the top major league comeback last year—Don Black.

Black was somewhat off his 1947 no-hit form yesterday, but had sufficient hurling poise to cool the bats of Joe DiMaggio and his New York Yankee mates for a vital 5-1 Tribe win in the nightcap of a doubleheader.

The twin bill attracted an all-time Lakefront stadium crowd of 78,431 paid fans.

Black succeeded after Rapid Robert Feller failed, and his return to form enabled the hard-pressed Indians to retain first place in the American league by one-half game over the Philadelphia Athletics.

The Yankees' "Two Guys Named Joe"—DiMaggio and Page—provided the New York victory in the opener. DiMaggio accounting for all the Yankee runs with three homers and Page stopping the Indians' last-ditch rally in the ninth for a 6-5 triumph.

Ken Keltner opened the home run barrage in the first inning with a three-run homer, which lifted his major league-leading total to 13 and gave the Indians a 4-0 lead.

Allie Reynolds, former Cleveland hurler, then shackled the Tribe until the ninth inning while DiMaggio systematically cut down the Indians' lead and then gave the Yankees a winning margin with his booming blasts.

The Indians leaped into a 2-0 lead in the first inning of the nightcap on George McQuinn's error, Boudreau's double, a single by Robinson and a long fly by Joe Gordon. Singles by Seerey, Joe Tipton and Thurman Tucker sparked a three-run rally in the seventh which clinched the verdict.

Black allowed only seven hits and one run in six innings, but needed help from ace reliefer Russ Christopher when he tired in the seventh.

### A College Grid Battle in Marion— That's the Aim of Booster Clubs

The combined Harding and St. Mary Booster clubs, currently in the midst of a campaign to sell tickets to a baseball game between the Marion Cubs and the Portsmouth Athletics slated to be played here June 5, have another killer-diller campaign in mind for the fall.

That's a college football game to be played at Harding stadium November 6.

The principles in the clash will be Capital university and Ohio Northern university, both members of the Ohio conference.

Both universities have indicated willingness to play the game in Marion, which is about mid-way in distance between the two schools, Capital being located in Bexley and Ohio Northern in Ada.

And Ohio Northern, whose home game it will be, has agreed to turn over half the receipts to the combined Harding and St. Mary Boosters clubs. Out of every dollar ticket sold, the Boosters will get 50 cents.

Clyde Lamb, the athletic director of the Ada college, had secured the OK of Capital and of the Ohio conference to play the game here, and only one more hurdle faces the backers of the program—the OK of the Harding Athletic commission, which is expected at their next meeting. The commission controls the use of the Harding stadium.

The colleges think the idea is a good one because it will stimulate interest in the two nearby schools, and the Boosters probably couldn't find a better money-maker nor a better event to back.

# MUNCIE ABSORBS DOUBLE DRUBBING

By The Associated Press

COLUMBUS, O., May 24—A full set of Sunday doubleheaders left the Ohio-Indiana baseball league race virtually unchanged today although loop-leading Muncie absorbed the heaviest shelling.

Portsmouth pounded visiting Muncie 13-8 and 12-1 in a display of batting might, against three hurlers in each game. Altogether Portsmouth sluggers got 25 hits in the two games. Muncie outhit Portsmouth 14 to 13 in the opener but couldn't bunch them effectively.

Lima took two games from cellar-dwelling Newark to advance from seventh to sixth place in the standings. Lima won the opening fray 6-4 and came back to cop the nightcap 10-8 on the home diamond. The big noise in the nightcap was Lima's Elmo Whelp. He homered with the bases loaded and Newark leading 4 to 2.

The shift in standings dropped Richmond to seventh place. The Richmonds ran head on into Springfield and the Ohioans came up winners 3-1 and 2-0. The second tilt was a complete give-away. Richmond hurler Bill Foster walked five men in the first inning to give Springfield the only two runs of the night.

# NED GARVER WINS 1ST GAME IN MAJORS

Ned Garver of the St. Louis Browns is the Ohio-Indiana league's first pitching graduate to win a game in the majors.

Garver, who was the class D loop's leading hurler in its initial season, turned the trick at St. Louis Saturday when the Browns downed the Nats, 4-2.

Ned Garver

Garver has been charged with the loss in two previous efforts this year, and Saturday's was his first complete game.

He got a lot of help from Gerry Priddy, who batted in three of the four runs. Ed Pellagrini hit into the left field bleachers for the other.

Garver pitched last year for First Victory San Antonio in the Texas league.

He pitched for Newark when he led the Ohio State league in 1944.

# COLUMBUS GRABS 2ND PLACE IN AA

By The United Press

Columbus took over the runnerup spot today in the American Association on the strength of three victories over the weekend and Kansas City emerged from the cellar.

The Red Birds whipped Milwaukee twice Sunday and league-leading St. Paul once Saturday to climb to within two games of first place. Kansas City sent Indianapolis to third place with a double defeat Sunday.

In other games yesterday, St Paul took a double win from Toledo and Minneapolis and Louisville split a twin bill.

The Birds made a total of 28 hits, 14 in each game at Columbus, to beat Milwaukee, 9 to 5 and 10 to 4.

Three runs in the first inning and a five-run outburst in the sixth at Kansas City gave the Blues an easy 9-to-2 win over Indianapolis in the first game. Mal Mallette hurled six-hit ball in taking the second contest, 3 to 1, for Kansas City.

St. Paul pounded three pitchers for 14 hits at Toledo to beat the Hens, 11 to 3, then took a pitchers' battle, 2 to 1.

Louisville shoved four runs across the plate in the first inning at the horse capitol to beat Minneapolis in the curtain raiser, 6 to 2.

CLARIDON CLUB MEETS

A meeting of the Claridon Tommies 4-H club was held recently at the home of Jo Earl on the Patten pike. Members responded to roll call on the subject "What I Have Learned in 4-H Work." Entertainment followed the meeting and refreshments were served. The next meeting will be May 24 at the home of Grace Pickett on the Patten pike.

### Brush Ridge

"Lincoln at Gettysburg" was the subject of the talk given by Charles Myers, Marion attorney, at the memorial observance held yesterday at the Brush Ridge cemetery. Approximately 1,000 persons attended the services.

American Legion Post No. 257 of Nevada presented a special program of memorial service as a part of the program, and music was by the Mt. Zion High school band.

## *Insurance Co. Tax Payments Run High*

COLUMBUS, May 22—Out-of-state insurance companies will pay $12,859,371 into Ohio's tax coffers this year.

State Commerce Secretary Fred J. Milligan reported today that the taxes, based on 1947 gross premiums collected in Ohio, show an increase of $1,546,102 over the previous year.

In his report to Gov. Herbert Milligan pointed out that the premium tax of 2½ per cent has not been changed, indicating that the increase was caused entirely by additional business.

### CIRCLE NO. 3 MEETS

Mrs. Ethel Orahood was hostess to Circle 3 of the First Evangelical United Brethren church Thursday night at her home on Windsor street. Mrs. Ruth Brown, chairman, presided, and Mrs. Lora Scranton conducted devotions on the theme, "What a Friend We Have in Jesus." Prayer was given by Mrs. Iva Clements. For the program in charge of Mrs. Helen Bentley, duets were given by Joyce Ann Bentley and Lucille Dawson. The June meeting will be at the parsonage with Mrs. D. H. Hochstettler and Mrs. Clements as hostesses. Mrs. Orahood was assisted in serving by her daughter, Miss Florence Orahood, and her daughter-in-law, Mrs. Eva Orahood.

### HOMEMAKERS CLUB MEETS

The annual banquet of the Pleasant Homemaker's club was held recently at Hotel Harding. Sixty-four members and guests attended the meeting, which marked the end of the '47-'48 year. A program under the direction of Miss Mary Mehaffey included Scripture and prayer by Miss Madella Seiter, readings by Mrs. Ralph Wright and accordion solos by Miss Regina Haas. Miss Edith Grisman was presented a handkerchief shower, and the president, Mrs. Gail Smith, was presented a gift.
